

News from Creighton First Baptist Church

What are some of the greatest natural images you have ever seen? I have seen the sun set in Hawaii and in the Florida Keys. In Florida they make a big event of it and is something to watch the sun set over the ocean. I also enjoy watching the sun come up from the water when I am on the boat fishing or when sitting in the woods.

Of all the wonderful sights to see, I cannot imagine what the women thought as they walked to the tomb of Jesus and saw the stone rolled away and the tomb empty. Not only was the tomb empty, but there was an angel sitting on the stone who greeted them when they arrived. I am sure their minds were racing, what happened, are the guards dead, and what did they do with the body of Jesus? The angel must have known all of these thoughts were going through their minds, because he told them to fear not and that Jesus wasn't there, HE IS Risen!! Matthew 28:1-8. Wow what a morning!

On April 17th, we will celebrate the resurrection of Jesus. I hope you will read Matthew's account of the resurrection and marvel at what happened. Jesus died for you and the grave could not hold Him. That is what separates Christianity from all the world religions. We have a risen savior, and we can have a personal relationship with Him.

This Easter enjoy all of the festivities. You may even take part in the activities the world has to offer, just be careful to not let them take your eyes off the Resurrection of Jesus and let people know what you are celebrating.

I hope to see you on Good Friday and Easter Sunday. Have a blessed Resurrection day.
